President's Letter By Kathy Garlick

Hello to all!

It is that time again that we have completed a marathon month in July with our super-fantastic demonstration/instruction from Devin Garlick, our esteemed Wood Rat extraordinaire talking about the different parts of the tree and the grain patterns we can expect. We would like to give a hearty THANK YOU to Todd Hoyer for the handout given that was shared with all in attendance. We will try to have it available on our website.

Saturday's Picnic and Auction was a great success! We were just shy of our goal, but we were able to collect \$2,378 in wood sales, tools, and cash donations. We truly enjoyed having everyone who was in attendance, especially those who brought their families with them. That was a great highlight for me to see some future turners in attendance. I hope you all had as wonderful a time as I did. We had fewer lots of goods to bid on, but they were highly favored wood with little maple in the giving. If you came to the Thursday meeting and were inspired to try something new in your turnings, we definitely had some great offerings for you to be able to do that. I have been inspired to have a President's Challenge in October revolving around this year's auction wood so get your thinking caps on.

Moving forward, we will have a sign up for the Washington State Fair demonstration. We are excited to offer you, our membership to sign up to spin some wood at the fair. We have done tops to give out to the kids, but if you have something else that you would like to show off turning, please do. Shifts are in two hour increments and we have three people at each shift. If there is someone you would like to partner with, please sign up together, or you can sign up with a seasoned fair demonstrator. Each shift you do includes two entries and a parking pass. So, you can come early, drop your tools at the station and enjoy the fair before and after your shift. This year we will be on the first floor of the Pavillion.

We are excited to welcome Craig Timmerman back to our group this month. He was supposed to be later in the year, but due to unforeseen circumstances, we get to have him a few months early. All is good. See Ed's article about Craig's demo. Also this month, we will be having a President's Challenge: Textured or pierced bowl, vessel or box. I can't wait to see all of your creations.

I look forward to seeing you all at our meeting on August 20th.

Safe turning, *Kathy*

Give a bowl Wings, let it Fly and watch it Land

For our August guest demonstrator, we welcome back Silverdale turner, [Craig Timmerman](#).

Craig will treat us to a challenging and complex bowl form that takes a winged bowl to an extreme where the wings become arched feet. To add to the complexity, he starts with a rectangular blank; the result is an Arched Bowl. Craig will take us through all the steps from stock selection to removal of the tenon. [Download handout.](#)

Many members may recall Craig's last visit in October of 2025 when he demonstrated his process for turning a delightful multi-axis project, he calls a [Weed pot](#).

Craig's Bio: After many years in the computer and software industry, Craig has been a full-time wood turner and artist since 2008. In addition to demonstrating and teaching at many AAW chapters, he has demonstrated at AAW Symposiums, numerous SWAT symposiums, the Utah Symposium, the North Dakota Symposium,

Oregon Symposium, and the Rocky Mountain Symposium. Craig has started the Armadillo Woodworks YouTube channel and is set up to do remote, interactive demos. He is a member of the Olympic Peninsula Chapter of AAW and prior to that was a member of the Central Texas Woodturners.

He picked up woodturning over twenty-five years ago when he took a weekend class at a local store. After that weekend the woodworking equipment in his shop ceased to be used for anything except woodturning. His specialties include non-round turnings, hollow forms, spheres, lamps, and production gift items. Many of his pieces combine multiple turnings and bent laminations. He works primarily with reclaimed timber accentuating the flaws by making them the focal point of the piece; often filling them with crushed stone. Samples of Craig's work can be found on his website armadillowoodworks.com. He has recently moved from Texas to Washington State. He has been married to his wife Tina for over 40 years, and they now live just outside Silverdale, WA.

*Helping Members Turn Better Every Day,
Ed White*

Oct 17th	9am	Sawdust Session		Wayne Wells' Shop*

August Store

Many of our members make wonderful hollow-forms and boxes, but do not have anything to do with them after completion. Last month, Eathan Green, the SPSW outreach coordinator, spearheaded an effort to support a charitable effort called "Kayden's Cause" to supply threaded funeral urns for families who have lost children but are unable to afford an urn in which to bury their child.

We have seen a very positive response from our members. To aid in this effort, SPSW Store Sales acquired twenty 2.5" very high-quality threaded inserts that are available to members at a cost of \$25 each. We only have 4 sets left. If you might be interested in supporting the club's effort, then please come by the table and get a set.

The Store Sales table will be up and running during our regular August meeting with our full array of adhesives, abrasives, finishes, and wood-turning accessories.

Feel free to stop by and pick up what you need and also please let us know how you like the materials you have gotten from our club's store. We are always interested in both your feedback and suggestions for things we might want to add to our inventory in the future.

Until then, stay sharp and keep those chips flying!

John Howard

First Bowl

Hello and Welcome to The Harvest

First of all, THANK YOU to everyone who came and participated in the auction. I feel it was a great success! We had a lot of variety of wood this year with over half of the wood being prepared blanks, ready to turn. With this being said, I would like to thank those of you who took the extra time to prepare that wood. We tried something new this year, if you remember lot #13 an empty lot for donations. I think we will continue this as a new tradition in years to come.

A big thank you to everyone who brought food for our lunch, I really enjoyed all of the wonderful conversations which took place around the room.

Last but not least, I would like to thank Stephanie Lane, Ryan Howard, Kathy Garlick, Pam Parson and Jim Funk for your help in managing the auction into the great success that it was. Hats off to you!

Head Rat,
Devin

A Word From Kent Horton AAW Liason

Hello, this is Kent Horton with another rambling in attempt to encourage all SPSW members to join the American Association of Woodturners (AAW). AAW has many resources available to help you become a better woodturner and be a part of the greater community of woodturners.

As is usually the case when I receive the reminder of an upcoming newsletter deadline from Suzette, my first reaction is a mild panic attack centered around the question "What am I going to write about this time?" If I have recently received an issue of the "American Woodturner" magazine (AAW's premier journal publication), I try to do a short recap of articles I have found to be of interest to me. Note: this can often be a long process by my getting sidetracked into rereading the articles and considering if I have the time and materials (like specialty tools) available to give the projects a try. If I don't get an inspiration from a quick review of the journal, I then turn to the AAW website and use this as another avenue for finding a topic to write about. This is often a gateway to yet another "black hole" of a time suck. Anyhow, as I was looking at the AAW's website in the Chapter Toolkit section I ran across the "Stalwarts" section and thought to myself "Who in SPSW deserves to be recognized for their support, participation and continued dedication to helping our club be what it is and always working to help it be better?" So, I am going to put it out there and ask for your input. I am happy to complete the application to AAW, but need your thoughts on the subject.

Who do you think should be recognized by AAW as a "Stalwart" of SPSW? Someone (or those, since there can be multiple people) that should be recognized by AAW – folks that are the backbone of the chapter who keep going year after year, always giving to show the joy of turning.

When I asked this question to those at yesterday's "Tuesdays Turning with Brian Finch and Friends", several names were quickly mentioned. While we cannot formally recognize everyone who participates in our club events, it is important to recognize those Stalwarts among us. Please drop me an email at: scimankent@gmail.com and let me know who you feel deserves this recognition and WHY. I plan on submitting the application for this recognition at the end of August.

Thank you.

Yours in Turning,

Kent Horton,
Director-at-Large
AAW Liaison

Kaden's Cause

We're very pleased with the enthusiasm around our club's support of Kaden's Cause. The first order of threaded ring sets nearly sold out! I'll be collecting urns to pack for shipping to Florida at the August meeting. For those of us not making urns ourselves, there's

still opportunity to participate by donating to help cover the shipping cost via a discounted UPS account. More details will be announced in August but please expect a tin for cash or checks.

Thanks,

Ethan Green

A Joyful Burden

We all enjoy being a member of the South Puget Sound Woodturners. It provides us with a place of common enjoyment, learning and sharing. A place to meet new people who become friends. Membership in SPSW exposes us to a larger woodturning community full of knowledge, experience, creativity, artists and artistry. Our memberships connect us to our local community to share our talents and generosity. All these wonderful things happen when you, the members of SPSW, engage with our AAW Chapter. With over 120 members it is safe to say our chapter is in good health.

There is another layer though, a layer that if it did not exist and function, SPSW would collapse and turn to dust. That essential layer is our Board of Directors. A collection of member volunteers who give a bit more so that we all can enjoy being a member of our AAW Chapter. A collection of members who quietly maintain the operation of our organization. Many of our board members have been selflessly giving their time and energy to ensure the operation and endurance of this chapter for many, many years!

Organizations that aim to endure beyond its founders and continue to serve an ever-renewing membership must also sustain and renew those who carry the joyful burden of leading and maintaining the health of that same organization. It is for this purpose that I call on our members to ask themselves, **How can I better support SPSW?** Our chapter needs more members to step up just a bit more, find that selfless capacity within to carry the joyful burden of caring for and maintaining our AAW Chapter. Between now and the end of 2027, SPSW leadership will be focusing on the sustainability of our chapter. I invite you to join us.

Helping Members Turn Better Every Day,
Ed White

Update on the 2026 Annual Washington State Fair Woodturning Demo

This year's fair is going to be a fun one as there will be some new and exciting changes with our demos starting with me taking over from John Howard as your new Fair Liaison. To start, the fair is under new leadership with the Hobby Hall and Home Arts being reworked into two new departments, Creative Arts and Culinary Arts. We will be moving into the Creative Arts department which will be encompassing hobby and craft as well as textile and other art demonstrations and displays. Our Coordinator will be Jennifer Pasquier and our Point of Contact is Paige Rooney. Paige has been keeping me filled in on the details and I have been working diligently with Finn Posner over at the Woodturners of Olympia to agree on show dates.

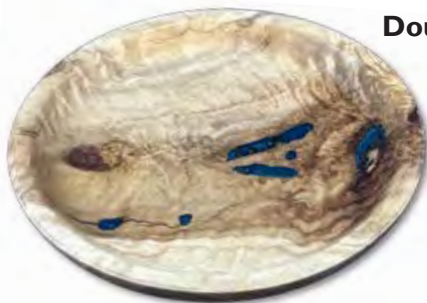

This year I picked dates that are the busiest (when concerts/events are going on), the days are Fridays, Saturdays, and Sundays and you are welcome to sign up for as many shifts as you would like to demo. Another change that will be happening at the fair will be our location as we are being moved downstairs to the first floor which will be sure to generate more traffic. The last change I am implementing is that I made a miniature lathe so children can safely color their own tops. Just please supply the markers. This interactive display will be sure to generate a crowd and get the kids involved in turning safely therefore I have added 3 slots to every shift as we may need an extra person to watch them color and operate the mini lathe.

The table on the next page shows the dates and times we will be doing demonstrations in the Hobby Hall first floor. We have quite a few members that look forward to doing this each and every year so there will be multiple opportunities to reserve your spot. If you would like to be a part of this, a sign up list will be posted on our website at: <https://spswoodturners.org/members-only/volunteer> for everyone to sign up. You can also email me to sign up. We need your correct mailing address and contact info filled out in the form so I can mail your tickets to you. I will keep the form updated on the website so everyone knows who has what shift. Pat, John Howard and I will be set up to demonstrate turning tops which is a project that many demonstrators choose to do but please feel free to demonstrate whatever you like, just bring your own tools and wood.

See you soon,

Ramon Lyn

In June members John Clark and Doug Reynolds attended a seven day box turning class with Jason Breach of England and formerly of Axminster Tools at the Marc Adams School of Woodworking in Franklin, Indiana. The first five days was turning five different boxes in cherry of Jason's design. The weekend was devoted to hand thread chasing an acorn box and an apple box.

Doug reports there was a slight language barrier as he is still trying to figure out what a millimeter and a pillar drill is.

Doug Reynolds

NOVA Spotlights Dennis Craughan

At the end of May NOVA spotlighted our own Dennis Craughan with the comment:

After 10 years on his Nova Galaxi DVR, Dennis continues to blow us away. A long-time family friend and extraordinary woodturner, his segmented work is truly out of this world — and we couldn't be more proud to be part of his journey. As always, beautiful work, Dennis!

Meeting Location and Time**:

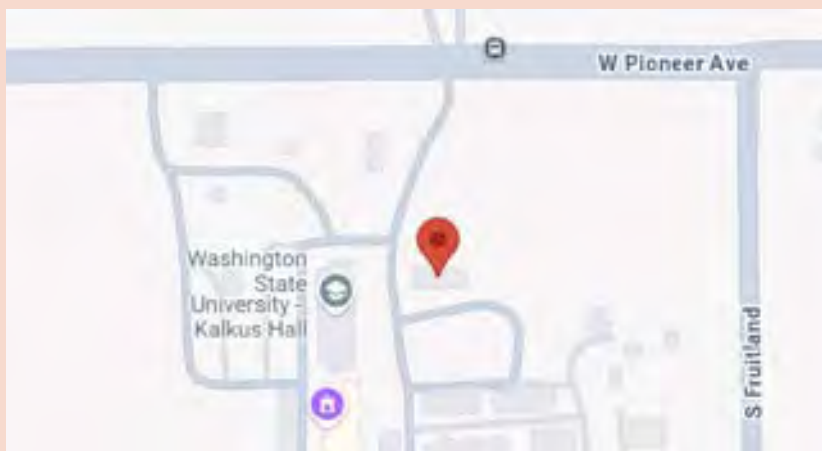

WSU Extension in the D.F. Allmendinger Center
2607 W Pioneer Ave, Puyallup WA 98371

Social Hour 5:30 – 6:30 pm (bring your show-and-tell, President's Challenge or just mingle)

Meeting Starts 6:30 – 7:00 pm
(Announcements, show-and-tell, President's Challenge, etc.)

Demonstration 7:00 – 8:30

**If you would like to help with the set up or clean up, please plan to come at 5 or stay after and help to clean up.

Emmy Gran here, the Communications and Marketing Manager at the [Port Townsend School of Woodworking](#) out in Port Townsend, WA, on the beautiful Olympic Peninsula. There are only two courses left in 2026 that might interest you. We offer a range of turning and many other woodworking courses in a weeklong or weekend format. You can see our [full course catalog here](#).

Following is a turning course that requires some skills that should be particularly interesting to your members:

[Hollow Form Turning](#) with Tom Henscheid, November 30- December 4, 2026

And here is another woodturning course that would be fun and are open to all skill levels:

[Turn/Ting: When Turning and Printmaking Collide](#) with Beth Ireland, October 12-16, 2026

Happy turning! *Emmy Gran*
Communications and Marketing Manager
Port Townsend School of Woodworking

SPSW is a chapter of the American Association of Woodturners (AAW). Many of our members are just members of the chapter but not the American Association of Woodturners (AAW). **The AAW offers an Affiliate Membership (free 3-month trial membership.)** The free membership allows access to all online publications like The American Woodturner, Woodturning FUNDamentals magazine, and AAW e-newsletters.

Visit the website www.woodturner.org (or click the link if you are an email newsletter subscriber) and look under Membership then Join Today. Scroll to the bottom of the page. The above hyperlink will also take you there. For those who prefer to do it by phone, call 877-595-9094 M-F 8:30 to 4:30 Central time.

VOLUNTEER OPPORTUNITIES

Show and Tell

At the meetings, we could use a hand with our show and tell, getting items in front of the cameras and also making sure that during our demonstrations that a microphone is available to audience members for questions so all can hear, even those at home.

Store

We would like to have a few more volunteers to be able to fill in when needed for the Club Store so it isn't too much for John. If you are familiar with how the Square card reader works is a bonus for us all!

AV Assistance

We could use a couple of extra hands with our AV/Zoom with Ramon Lyn. Set up and take down takes a lot of time for one person causing us to start a little late each month and getting out of the building after our meetings. Ramon is happy to train you on set up and take down to store our cameras and equipment.

Participation Tickets

Want more chances for prizes at the December meeting?

If you participate in **Show and Tell**, **Wood Donation**, or **Set-up / Clean-Up**, make sure you fill out a participation ticket.

2026 Membership Renewals

If you enjoy SPSW please take the time to renew your membership.

The dues for 2026 are only \$55 for the entire year and that is for your whole family.

Brandi Lowrance, our Director of Membership, is taking dues for the 2026 year. I hope each of you will join us again for another event-filled year. I would like to encourage everyone to get your 2026 dues paid as soon as possible.

Your dues are what enable us to rent our great meeting facility, provide equipment like the new multiple camera system used to enable members to better view demonstrations in person and on-line, and purchase the tools and equipment we need to run demonstrations and sawdust sessions.

You can either pay your dues at the meeting, or an even easier method is to do it online through the members only tab on the [SPSW website](#).

We are now collecting dues for 2026. Dues for individuals or for the whole family are \$55/year. For new members, the dues are prorated from the month you join. We accept cash, check, Visa®, MasterCard®, American Express®, Discover® or debit card.

This is still one of the best deals around. For just \$55 you get a monthly meeting featuring top notch presenters, an avenue to display your talents, and a forum to seek advice and ask questions. You have access to a group of mentors who can help you improve your skills.

Also, there is a monthly "open turning session" (our Sawdust Sessions) on the Saturday following the meeting. Use the membership application below and pay at the meeting or mail it to the address on membership form.

We now also have the option for you to join, renew, or just donate. We are a registered 501 (c)(3) non-profit organization. You can pay at the meeting, or on-line! Just go to our website (www.spswoodturners.org), fill out the form, and pay at that time.

AAW membership is separate from membership in the SPSW Chapter. Now is also a good time to sign up for the [American Association of Wood turners](#) (AAW). Annual memberships in the AAW operate on an yearly anniversary cycle, whereby your membership will start with your join date and continue until the same date the following year.

If your level of AAW membership includes a printed copy of the American Woodturners journal, you will receive six issues starting with the issue published after you join or renew.

SPSW Membership Application

1. **The Zoom meeting invitation is only sent to active members.** So, if you have not paid your dues since October 2025, you will need to go to the members tab on the [SPSV website](https://spsw.org) (spswoodturners.org) and renew your membership. Please note that it would normally cost more for just one of these demonstrations than your SPSV dues for the entire year.
2. Before the scheduled meeting, you need to go to zoom.com and download the free “Zoom Meetings” app. The Zoom download is quick, easy, and free!
3. **Information and Invitation Delivery Schedule:**
 - a. **The Wednesday the week before the meeting** – The Zoom Meeting Invitation will go out to our active member’s distribution list. (This is if we get the link by then)
 - i This invitation contains a link that appears in blue letters. Just click it to join the remote demo on Thursday.
 - ii Please save this where you can find it.
 1. If you don’t see the invitation(s) in your inbox, then please check your “junk” or “spam” folder. If you get our newsletters, the meeting invitation should come right into your inbox.
 2. If you did NOT get the email, the link will be posted on the SPSV website under For Members/Zoom Meeting Link
 - b. **The Saturday before the meeting.** – A reminder will be e-mailed to our active member’s distribution list.
 - c. **The day of the meeting** - Log into the meeting by 6:30pm
 - i. The demo will start at 7:00pm
 - ii. When you click on the link, you will be asked if you want to join with video and audio. Answer “yes” to both, then you will enter a virtual waiting room. Wait just a few seconds and one of the co-hosts will admit you into the actual meeting.
 - iii. **Note:** If you have previously downloaded the app, you may see an update is available. If you see it, please update your app. Zoom is making frequent changes to the program to strengthen security.
 - iv. Devices used to view the demo can be smartphones, tablet computers, laptops, etc. To fully participate, the device needs to have audio and a camera.
