Turnings by Art Liestman

Letter from the President

Get involved in 2010 and get your moneys worth!

With the start of 2010 it's time to pay the annual dues, which made me think about what does a member in the SPSWA get for their \$30?

Let's recap the benefits and opportunities available to each one of us. First off there are 12 monthly meetings where we have the opportunity to learn from a diverse group of very talented demonstrators covering a broad spectrum of the many aspects of turning. Every standard meeting we have a "Show and Tell" to showcase the turnings brought in by duly proud members. We also have a wood raffle that gives you a chance to win a nice piece of wood for each \$1 ticket purchased.

High quality wood turning supplies such as sandpaper, CA glue, accelerator and "un-glue" are available for a lower than retail price. The club also has a large library of woodturning DVD's available to help you broaden your wood turning skills and help you reach your full potential as a woodturner.

Each edition of our clubs monthly newsletter is packed with stories, tips, want ads and the names and numbers of our growing list of mentors that are more than willing to personally help you develop your turning skills. On the back page of the newsletter you will find a wonderful group of sponsors, many of which offer discounts to SPSW members.

Let's not forget the 3 mini symposiums we have scheduled this year or our annual picnic/wood auction to be held on July 17th.

WOW all that for \$30, but wait there is more.

Again this year our terrific member Nancy Sweazey has generously offered to hold "sawdust sessions" at her shop on the Saturday following each monthly meeting. These sessions will give every member that attends a chance to get some hands on assistance with any problem they maybe experiencing. Tool sharpening, spindle work, big or small turnings are just a few of the many areas covered at the sessions.

Lastly being a member gives you access to the vast wealth of knowledge that is to be found in our membership. Don't be reluctant to ask. It may save you a lot of money and or frustration.

Be safe, have fun and make some shavings, see you on the 21st. Pat

Art Liestman is a part-time woodturner living in Coquitlam, B.C. (a suburb of Vancouver). Art has been involved with woodworking for 30 years. Originally, his interest was in designing and making experimental musical instruments. He stumbled into woodturning when he needed some turned parts for an automated programmable xylophone. As many others have, he quickly became passionate about woodturning. After a few years of making functional items, he turned to the artistic side of woodturning.

Known particularly for his puzzling illusion series of turnings that resemble jigsaw puzzles, his work often involves surface enhancements using pyrography and coloring. He is also interested in breaking the symmetry of traditional turned forms and exploring more sculptural work.

Art has demonstrated at national and regional symposia, as well as for dozens of local clubs. He recently taught week long courses at the John C. Campbell Folk School and at the Arrowmont School of Arts and Crafts later this year. His work has been seen in numerous exhibitions and is available through several galleries across North America.

Please note that if you remove your name from the list the vendor will not honor a club discount for your phone or (e)mail purchases.

Notes from the Library:

We have had a large donation of "Woodturning" magazines dated from 1992-2005 and "American Woodturner" from 1996-Summer 2009, donated by John Pollard. I have cataloged every issue, but will not bring them to the meetings. If you are interested in checking out one of the magazines please email me at spswlibrary@gmail.com and I will send you a listing of all issues in the library. Individuals can then request issues via email and I will bring them to the next meeting.

We've also had the book "500 Wood Bowls" donated by Barry Hoskins. If anyone has any books or videos/DVDs they would like to donate please contact me at the meeting or via the previous email address. The club must have the original video/DVDs, so if you are hesitant to give up your video, please contact me so we can work something out.

Next Month's Demonstrator

Next month's demonstrator will be Bob Espen from the Cascade Woodturners in Portland. Bob will demonstrate how to turn a four sided box.
